The Ku-Klux prisoners from Union County, whose arrival in this city was reported in THE News of the 23d inst., are still at the County Jail awaiting their mockery of a trial at the next term of the United States Circuit Court, to begin in this city next Monday. The list of arrivals, as published at the time, included the names of three men arrested on charge of violating the revenue law, and of thirty whose alleged crime is supposed to be some violation of the Enforcement or Ku-Klux act, though, in the majority of the cases, the prisoners themselves have not the slightest idea of the cause of their arrest, and have never been furnished with the charges against them, the names of the persons making the charges, or even shown a warrant of arrest. They have been confined in one jall and another for periods varying from two weeks to five months, with no opportunity to prepare for trial, because they have no means of knowing the charges against them, and without being allowed to give ball, although, in most of the cases, any reasonable amount of security could easily be obtained. Eeven of the thirty are colored men, and four of these are Radicals and members of the Loyal League.

Of the white prisoners, many are gentlemen of education, refinement and high social and professional position. One of these is Colonel J. F. Gist, one of the ablest attorneys and one of the finest gentlemen in the State, and the circumstances of his arrest afford a fair ilfustration of the illegal and arbitrary manner in which these proceedings have, from first to last, been conducted. The arrest was made of Tenebræ was sung, the lamentations of on Saturday, the 8th instant, at Uniouville. Jeremiah, the psalms and lauds were recited. Deputy Marshal J. H. Williams, encountering An eloquent sermon on the Passion of the Colonel Gist on the street, accosted him by Saviour was preached by the Bishop, and the saying, "You are my prisoner." Colonel Gist exercises were closed with the Benedictus and asked to be shown his warrant of arrest, but Miserere. Williams declined to show it. When asked if he had any warrant, Williams replied that he had, but that he had been ordered not to show it. He said that he would show the back of the warrant, and he held up a paper on which was endorsed, "The United States against J. F. Gist," and which he said was a warrant of arrest issued by United States Commissioner Byron. Colonel Gist not being to the commissioner's office and surrender himself if a proper warrant of arrest had been issued against him. Coloner Gist then called upon the commissioner and asked if a warrant had been issued for his arrest, and was told that it had. He asked to be shown the warrant, but this was again refused. He then asked if an affidavit had been made against him upon which to predicate a warrant of arrest. The commissioner evaded the question for a while, and then said | brate a Pontifical High Mass in the Cathedral that an affidavit had been made by J. H. Williams, the deputy marshal who had attempted his arrest, and who is a recently discharged soldier from the United States army. Colonel Gist asked, as a matter of right, to be shown the catechism classes, all under the direction this affidavit, so that he might know the of Professor Muller. At 4 P. M. the Vesper charge against him. This demand was positively refused, and to this day Colonel Gist has not seen the affidavit, and does not know that any charge has been regularly preferred against him. Colonel Gist then asked to be High Mass at 10:30 A. M., celebrated by Rev. allowed to give ball for his appearance, but C. B. Northrop, and a sermon by Rev. Since his arrival here, he has 10.30 A. M., besides the Communion Masses at been visited by the Hon. A. G. Magrath, Hon. 7 and 9 A. M. W. D. Porter and others of his legal brethren, It is almost needless to add that Colonel Gist met, at half-past ten A. M. is prepared at any time to make the clearest in the recent trials at Columbia, to keep him and the rest of the prisoners in ignorance of the charges against them until the latest pos-

sible moment, so as to leave them little or no time to prepare for trial. The treatment of these prisoners is everything that could be expected under the circumstances, and it is greatly to the credit of the efficient keeper of the jail, Mr. John Claussen, that, recognizing the fact that many of these prisoners are gentlemen of high standing, he has been careful not to add gratuitous insults to the many discomforts of their position, and has extended to them every attention and comfort that is consistent with the faithful discharge of his duty. The general appearance and management of the juil is also very creditable to its keeper. One feature of great interest is the free school for such of the prisoners as desire to avail themselves of its advantages, which has been established in the fail by Mr. Claussen. This enterprise has been maintained for about one year without any charge to the prisoners or to the county. It is held in a large room on the second floor of the jail, made by the removal of a partition, and is attended daily by seventy or eighty of the prisoners, many of whom exhibit a gratifying degree of progress in the rudimentary studies which are taught. THE PASCHAL SEASON.

Elaborate Decorations and Imposing Services in all the Churches.

The solemn services of Holy Week, by which Christians in all parts of the world com memorate the sufferings and death of their Saviour, culminated yesterday in the observance by the Roman Catholic and Protestant Episcopal churches of Good Friday. Many of the stores and business places of the city were closed, and at all of the churches where services were held there were large congregations in attendance. At all the Episcopal churches there was morning prayer at 11 A. M., with the full Litany services, the Epistle peing Hebrews X and the Gospel lesson the story of the Crucifixion as recorded in the Gospel of St. John, chapter xix. There was also in each of the Episcopal churches the

order of evening prayer at 4 P. M. In the Catholic Churches there were the usual elaborate and solemn services. At the Cathedral Chapel, High Mass was celebrated at 9 A. M. by the Bishop, assisted by Rev. H. P. Northrop as deacon, Rev. C. B. Northrop as sub-deacon, and Rev. D. J. Quigley as mas ter of ceremonies. The altar was stripped of all ornamentation and draped in black, the organs and bells were still, and even the voices of the choir were hushed almost to a whisper. The Mass of the Presanctified, and the Procession of the Cross followed.

At the other Catholic Churches the same service was also celebrated, and in the afternoon at St. Mary's and St. Patrick's Churches the service of the Stations of the Cross took place.

Last evening the Cathedral Chapel was crowded to its utmost capacity, and the office HOLY SATURDAY.

This morning, at eight o'clock, there will be the Holy Saturday services at the Catheral Chapel, including the chanting of the prophecles, blessing of the fire and lighting the triple candle to typify the light of Christianity, biessing the paschal candle and the baptismal tont. The First Mass for Easter will then be celebrated, and on beginning the "Gloria in satisfied with this authority, declined to be Excelsis" the organ will again play and the arrested, but told Williams that he would go bells ring, both having been silent eince Thursday. Services similar to the above will be held in all of the Catholic Churches. EASTER SUNDAY.

To-morrow, however, will be witnessed the most elaborate display and the most solemn services of the whole paschal season in both the Catholic and Episcopal churches.

In all the Catholic Churches Communion Masses will be celebrated at 7 and 9 A. M. At 10.30 A. M. the Bishop will cele-Chapel, and a sermon will be preached by the Rev. H. P. Northrop. The music on this occasion will be unique and fine, and the choir will be swelled by sixty youthful voices from services will be conducted by the Bishop in the

At the Unitarian Church divice service will be held at 10.30 A. M. and 7.45 P. M., the Rev. R. P. Cutler officiating. The sermon in the evening will be upon "The Body's Resurrec-, tion and its Natural Symbols."

A sermon will be preached in the afternoon at four o'clock in the Orphans' Chapel, by the Rev. T. W. Dosh.

CONFIRMATION AT THE NEW GER-MAN CHURCH.

Yesterday moraing the new church was again crowded with the congregation and visitors to attend the services, which were conducted by the pastor, Rev. L. Muller. These were as on Sunday, but the distinguishing feature was one which brought home to the founders of the congregation the great work which had been accomplished. Fifty-two youths and maidens, all between the ages of thirteen and fourteen years, presented themselves for confirmation before their loved pastor. The boys were neatly dressed in black, and the girls in tasteful white, and all sat in semicircle in the space at the head of the church around the altar. They joined in the service until the time came for the Confirmation, when they presented themselves, kneeling before the pastor, and were confirmed according to the liturgy of the German Lutheran Church. At the end of each confirmation the candidate arose and shook hands with the pastor like old friends, as in truth they were, there being but

hearts were heard as the ceremony proceeded. The following is a list of the names of those Boys .- Gustas Adolph Oetjen, John Henry Wohlers, Herrman Diedrich Bulwinkle, Hermann H. Claussen, Henry A. Kiep, Adolph B. Mimitz, William H. Bischoff, Hermann H. Dorkerwitz, Henry J. Hube, John H. F. Meyer, John E. Quirollo, George B. Reils, William F. Marscher, John F. Otten, George H. PARADE .- The Palmetto Rifle Club will cele-

brate Easter Monday by a parade through the principal streets and a trial of markmanship in the afternoon on the grounds in rear of the Race Course. COMMENCEMENT BALL .- Cards have been issued for the annual Commencement ball, to

be given by the students and graduates of the Charleston College, at the hall of the Freundschaftsbund, on Tuesday evening, the 9th proximo, and a delightful time is anticipated. THE GRAND LODGE.—We have received from

B. Rush Campbell, Esq., the grand secretary, a pamphlet copy of the proceedings of the Grand Lodge at the annual communication in November and December last. It is handsomely printed, and bears the imprint of Messrs. Walker, Evans & Cogswell. STATE AGRICULTURAL SOCIETY .- A special

meeting of the executive committee of the Agricultural Society is to be held this evening at six o'clock, at the rooms of the Board of Trade, for the purpose of conferring upon general subjects of interest to tarmers and planters, and to make arrangements for shipping produce during the coming season.

SMASH-UP ON KING STREET .- Yesterday afternoon an open carriage, with two spirited horses attached, was driven violently against a post at the corner of Line and King streets and demolished. The occupants, consisting of two women, were badly scared, and one of them was thrown violently to the ground, bruising her face badly. The accident was caused by the carelessness of the driver, who, in attempting to get out of the way of a street car in too big a hurry, drove his team against the post.

BALL OF THE IRISH RIFLES .- Great preparations are making for the first annual ball of the Irish Rifle Club which is to be given at Hibernian Hall next Monday evening. The management is in charge of a list of gentlemen than whom none can be found more capable of contributing to the hearly enjoyment of their guests, and the hosts of friends which this gallant young organization have already made will be sure to attend and give the new club a rousing success for their inaugural ball.

Do Nor Forger the mass meeting of citizens, to be held at noon to-day in the hall of the Bank of Charleston to take action in relation to the general license law, passed at the last session of the Legislature, the provisions of which have been declared by eminent counsel to be clearly unconstitutional. This is a subject in which almost every citizen, whether white or colored, must feel a direct and personal interest, and all are invited to attend this meeting with the view of instituting legal proceedings to test the validity of the act.

REPAIRS ON THE BATTERY .- This delightful promenade is already becoming highly popular as the first breath of the etherial mildness reaches us, and the repairs of Inspector Lucas upon it afford much satisfaction and pleasure. The shell battery has received a new dressing of shells, which bid fair to make it in a short time a comfortable, dry and handsome walk. New trees have also been replanted along the edge of the grass, and a general whitewashing of tree-boxes and trunks is promised. The pond at the foot of Broad street will also receive proper attention in turn, which will make it a still pleasanter resort of an evening

than it was last summer. THE SHAW SCHOOL .- The annual exhibition of this flourishing institution was given at the schoolhouse, on Mary street, last Thursday evening, and proved a pleasant and interesting occasion, the marked proficiency of the pupils in their respective studies reflecting much credit upon the principal (Mr. Arthur Sumner) and his able corps of teachers. Some proceedings by the noisy demonstrations of an individual in the streets, who was arrested by the police and yesterday morning was brought before the Mayor for examination. He gave his name as Jacob Brown, and was turned over to a trial justice for trial.

CLUBS AND STARS .- Elizabeth White, arrested for grabbing nineteen dollars from Handy Gaillard, in a house in Calhoun street, was referred to a trial justice for prosecution Henry Drain and Thomas Singleton, arrested for disorderly conduct and fighting in Elizabeth street, were each sentenced to pay a fine of two dollars or spend ten days in the House of Correction. An appeal was taken to a trial justice.

Thomas Lynch, arrested for lying drunk in an alley-way in King street, near Vanderhorst, got sober and made his escape from the policeman. His case was continued.

COLORING SKEDS FOR SOWING .- Mr. J. C. H. Claussen, of this city, has recently taken out a patent for an extremely ingenious and simple device intended to insure the equal distribution of seeds in sowing, whether in drills or broadcast, by hand or by machine. In sowing seeds that on account of their size and color are undistinguishable from the soil, there is in the ordinary way, no guide for the operator, who cannot see whether his work is done uniformly or not. Mr. Claussen proposes to remedy this by coloring the seed white by first moistening them and then rolling them in flour or other suitable material until they are coated. It is stated that this does not injure the seed in the least, and that when it is deposited in the ground the coating by the absorption and retention of moisture hastens the process of germination.

MISS LYDIA THOMPSON .- The amusementloving public are promised a rich treat during the coming week in the advent of this pioneer queen of burlesque who will again make her bow to a Charleston audience on Thursday evening, the 4th proximo, in the rollicking, mirth-provoking burlesque of Blue Beard, following on Friday evening with the naughty Lurline, on Saturday afternoon by the sad story of Sinbad the Sailor, and on Saturday evening with the tragic tale of Kenilworth Only four performances are to be given, and

it is safe to predict that this new and splendid

company will be greeted with a rousing house

at each of them.

A SELF-REGISTERING ANEMONETER .- Ser geant Evans, the weather observer at this station, has just received and placed in position at his observatory, over the old State Bank building, an ingenious apparatus for automatically registering the force of the wind during every moment of the day and night. It is the invention of Sergeant Gibbon, of the weather bureau at Washington, and is attached to the anemoneter in such a way that, at every mile travelled by the wind, a pencil point moved by electricity, marks a horizontal dash across a vertical line drawn spirally upon sheet of paper wrapped around a brass cylinder, to which a steady revolving motion is communicated by clock work. The sheet is so arranged as to con: ain the record of exactly twenty-four hours, and, when filled, affords an accurate history of the speed of the wind for one day, in convenient form for filing and future reference.

COURT-MARTIAL. Sergeant O'Brien, lately in command of the squad of United States soldiers stationed at Fort Moultrie, was tried on Wednesday and Thursday by court-martial, at the Citadel, on charge of embezzling government property, consisting of iron bolts, ricks, &c., from the works. A valuable barrel of metal and bolts, as the corpus delicti, had been selzed at the Mount Pleasant ferry poat wharf, just from Sullivan's Island, and this was charged to be following the track of several others which had met with a ready sale in this city upon the sergeant's consignment. The sergeant denies these facts in toto, and alleges that the barrel had been sent over. and was on its way, to the Arsenal when seized. Officer May, who has since resigned from the detective force, was in charge of the case and made the selzure. The decision of the court is not yet known, and will not be made public until frders are received from Washington.

A NEW CULTIVATOR .- Mr. J. R. Minter, of Unionville, has patented an improvement in cultivators which promises to be of great importance to farmers and planters. It consists essentially of three working parts or ploughs attached to a suitable stock, and adjustable by means of a very simple arrangement of slots and bolts. The central piece is a small shovel plough, attached to the standard; the side pieces are winged scrapers, fastened to slotted bars; the whole being calculated to stir the entire space between the rows at one passage, he adjustment rendering it capable of being adapted to rows of different width; but the rowning excellence of this new implement, as claimed by the inventor, lies in its use as a scraper at the first working of cotton. For this purpose, the central plough is taken of and the two side scrapers made to straddle the row, cutting as close to the plants as is de sired, cleaning the whole bed at one move ment, and leaving little work for the hoe thus making an immense saving of labor.

A NAVAL BATTLE IN CHARLESTON HARBOR. Captain Samuel Baker and the mate of the British ship Julia were brought before Commissioner Porteous, yesterday merning. charged with firing upon a small boat in the harbor. The boat was manned by three men, who state that they were quietly sailing down the harbor toward Fort Sumter, in a small pleasure yawl, on Thursday afternoon. Upon arriving near the ship, they state that a can non loaded with grape was run out and fired at them as they passed. After this they retursed to the city, and, upon their affidavits, fers of professional assistance. and high mass and sermon by Rev. F. Jacque-slight annoyance was occasioned during the the captain and mate were arrested. Without entering into the case, the commissioner decided that he had no jurisdiction in the mat ter, and turned over the parties to the war rant of Trial Justice Magrath, who immediate ly assued warrants for the arrest of the whole crew of the ship. The captain and mate were bound over in the sum of five hundred dollars each to appear for trial this morning on the charge of assault with a deadly weapon, and with intent to kill. The cannon was a six-

> pounder. OUR RIFLE CLUBS .- The parade and maroon proposed for the 13th of April by the Washington Light Infantry and Sumter and Palmetto Guard Rifle Clubs, is exciting the liveliest interest among the members of those organizations. Mount Pleasant has been selected as the spot best adapted for the day's sport, and the inevitable Tully will be on hand with the best his culsine can afford. Uniforms are dragged from their hidden recesses, guns are cleaned, and the marksmen are already practicing for the pieces of silver or other prizes that are the inheritance of the best centre shots. The Palmetto Guard Rifle Club have been preparing for the coming parade by irequent drills, but propose to still further increase their proficiency in the use of their rifies by an excursion to Lowndes's avenue this afternoon, where they can have both target practice and drill. The company will rendezvous at the terminus of the Rutledge ave nue rallway, at four o'clock, and march to the point selected, where a good time is antici-
